Other Skills: Responsive Design, Cross-Browser Compatibility, DBMS

Projects

Paste App | [Link](#)

Nov 2024

- **Developed a clipboard management app** using React, Redux, and Vite, supporting storage and organization of up to 100+ text entries.
- **Improved app performance** by reducing load times by 30% with Vite, while integrating real-time updates, search, and responsive design. Boosted user engagement by 20% and ensured smooth state management with Redux.

Myntra Functional UI clone | [Link](#)

Sept 2024

- Designed and implemented a responsive Myntra UI clone with HTML5, CSS3, and JavaScript, ensuring seamless cross-device functionality.
- Created dynamic product listings and a shopping cart feature, enabling users to add/remove items and update the total amount in real time.
- **Improved user interactivity by 30%** through efficient DOM manipulation.

Leetmetric App | [Link](#)

August 2024

- Designed and deployed a **web-based Leetmetric App** using HTML, CSS, and JavaScript, hosted on GitHub Pages.
- Implemented a feature to categorize LeetCode problem-solving data into Easy, Medium, and Hard levels, enhancing user analysis.
- Built a minimalist, responsive interface, showcasing skills in front-end technologies and user experience optimization.

Work Experience

Abhyaz | Web Developer Intern

October 2024 - Present

- Design and optimize website layouts using Zoho Sites, enhancing user interface consistency and reducing page load times by 20%.
- Analyze heatmaps and user session recordings to implement data-driven navigation improvements, reducing bounce rates by 10%.
- Collaborate with cross-functional teams to meet and exceed project deadlines, boosting productivity by 25%.

The Sparks Foundation | Web Development Intern

October 2022 - November 2022

- Contributed to 2+ web development projects, focusing on building responsive and interactive web pages.
- Utilized frontend technologies to deliver 5+ optimized pages with 100% cross-browser compatibility, enhancing user experience.

Education

Integral University Lucknow, India

2019 - 2023

- Bachelor of Technology (B.Tech) in Computer Science and Engineering
- Achieved a **CGPA of 8.52/10**

Certification

Web Development Bootcamp (2022) - Udemy

Oct 2022

JavaScript (Basic) - HackerRank

Feb 2022

Extracurricular Activities

- Contributed to **Hacktoberfest 2022** by completing 6+ open-source pull requests, earning official recognition and swags.
